

Dear Students and Parents of our Religious School,

We welcome you all to a year that we know will be interesting and stimulating and full of excitement. In addition to our previous classes of learning from K-Confirmation we have added a tutorial program for those who need extra help and, G-d willing, some younger students will be on our campus during the week. As their spiritual older brothers and sisters, we will all seek to make them and their families welcome in our community. So, from Apples and Honey on Rosh Hashanah to Hamantaschen on Purim and Haroseth on Passover, and every session in between, we wish you a year filled with the sweetness of discovery and learning.

One final note, my door is always open to our children and their parents.

L'Shana Tova (To a Good Year),

Rabbi Mark
