

WELCOME LETTER FROM RABBI SOBEL

Dear Parents and Students,

Welcome to Temple Beth Emet's Religious School Program 2023-2024. (5784)

We, the teachers and I myself, promise you a year of learning, new experiences and maybe even some fun along the way. Most importantly, we will treat you as the important people you are! You may find that hard to believe because we are demanding of you with your studies, but that is because to us you are the future of the Temple and the Jewish people. Your teachers have already made their commitment to our people, truly, they don't like getting up early on Sunday either, but you are worth it! All we ask is that you pay attention to the gift of heritage, practice your Hebrew words and come with an open mind ready to go on this adventure entitled "The Eternalness of the Jewish People and Their God".

All aboard,

Rabbi Mark
